The Pacific is a design that the whole family will fall in love with. On the ground floor the open plan living space incorporates a gourmet kitchen with walk-in-pantry that opens to an outdoor room perfect for entertaining all year round. A separate recreation room can be opened up to increase the living zone or kept as an area to house the kids noise! On the first floor there are three kid zoned bedrooms while parents can retreat to the impressive master suite with ensuite and walk-in-robe. A design highlight, befitting of the Pacific name, is the pool which can be accessed from sliding doors off the recreation room, bringing this ocean themed home to life.
