2

Designed around a central hub including a large kitchen, dining and living area, the Kingston is a great example of a single storey home perfect for families. The master suite is at the front of the house, and includes a walk in robe and luxurious ensuite. A further three bedrooms area at the rear of the house, along with a rumpus room. All family members can come together in the open plan area, or find some peace in the multiple private living zones. A double garage and mud room complete this picture perfect package.
