The Milan is a stylish addition to our split-level range. This clever design takes advantage of your sloping block to give your family two levels of luxurious living. The lower floor is dedicated to living spaces, including a generous meals and kitchen area (including walk in pantry) and separate living and media rooms. A study is located off the entry, which could also be utilised as a guest room if required. The upper floor includes three bedrooms and a spacious master suite, including a walk in robe and ensuite.
